

Sweets Processing

www.sweets-processing.com

International magazine
for the confectionery, bakery
and snack industries

BRIEF DESCRIPTION

Since 2011, the specialist magazine **sweets processing (sp)** has informed professionals of the confectionery, bakery and snack industries about new developments and industry news in the entire sector of supply and reports on international companies and suppliers in this area. **sweets processing** is the sister publication of SG Magazine, the highly regarded and well established international confectionery business journal published by SWEETS GLOBAL NETWORK, the international confectionery trade association. With more than 300 member companies (wholesalers and retailers, importers, agencies and manufacturers) from ten countries and about 40 supporting members from the confectionery supplier industry, this organization is the established network and the leading communication platform for all confectionery experts in the German-speaking area (D-A-CH) and beyond.

sweets processing focuses on the entire value added chain. The variety of topics ranges from the cultivation of the raw materials to ingredients as well as the production and packaging technologies with all their facets, right through to IT and logistics.

The readership of **sweets processing** comprises all persons in the companies that decide on investments and purchasing – in addition to the managers, in particular the managers in production, research and development as well as in quality management, purchasing and supply chain management.

Advertising rates list No. 10, valid from 1 January 2022 / Vol. 12
